TIR 11-14: Interest Rate on Overpayments and Underpayments

The Department of Revenue is issuing this Technical Information Release (TIR) to announce the quarterly interest rate on overpayments and underpayments determined by the Department of Revenue pursuant to G.L. c. 62C, §§ 32 and 40, as amended. The interest rate on overpayments and underpayments was the same for periods prior to July 1, 2003. An amendment to G.L. c. 62C, § 40, contained in the FY '04 Budget, St. 2003, c. 26, § 196, reduces the interest rate paid by the Department on overpayments. Effective July 1, 2003, the interest rate on overpayments is the Federal short-term rate determined under § 6621(b) of the Internal Revenue Code, as amended and in effect for the taxable year ("Federal short-term rate") plus two percentage points, simple interest. The rate for underpayments pursuant to G.L. c. 62C, § 32, remains at the Federal short-term rate plus four percentage points, compounded daily.
